

Virtual Meeting Rooms

Videonor bridging service utilizes your existing video conferencing capabilities and allows them to talk to one another for a seamless video conferencing experience.

VIRTUAL MEETING ROOM (VMR) BENEFITS

Enjoy seamless interoperability. There's no need to buy new technologies. Videonor's interoperability allows users to join in the conversation from any platform.

Connect through bridging. Reach clients, partners, and employees remotely through the Videonor cloud. Connect via desktop, mobile, or other conference systems of your choice.

Put your brand first. Customize the Videonor UI to reflect your company when connecting with clients.

Gain access to top talent around the world. With 24/7 port capacity, you can reach partners at any time, no matter where they are world-wide.

Collaborate effortlessly. Increase productivity by sharing content wirelessly and securely.
